### Missionary Update: Nate Eutsey / Ethnos360 / Papua New Guinea

*November 21, 2020: I want to open by saying thank you to each and everyone of you who are part of the team that enables the ministry in PNG.*

*Over the last year I have noticed a decline in the support I have been getting. I can understand that the current circumstances have taken a toll on many of us. I thank God for what He has provided during this time and also thank Him for what He has planned for today and the future. I thank all of you who pray and give to enable me to live and minister in PNG.*

*During the last 12 months I have been under the recommended support level 10 of those months. On average I have been short \$581.40 on a monthly basis. I have now nearly exhausted all my savings and if things continue as is, I am projected to begin going into debt next month. This would be for daily cost of living things, such as: rent, medical, medical insurance, groceries, taxes and electricity. These figures don't take into consideration the cost of airfare, vehicle and housing for when I come home.*

*I have faith God will provide. I have prayed and will continue to pray. However I also believe that God has called us to act as well. I believe that God has led me to share my need as a step of faith in seeing my needs met. I would like to ask that you consider if how you are involved could change. I realize that many of you are similar to me feeling the strain of an unstable economy. However I would like to ask that you ask God what he would have you do in relation to my financial need. I realize that God has not called each of you to join with me in financial support. However He has command all of us believers to pray. Please pray that God would grant wisdom on how to use my current funds, that God would provide a path for the financial needs to be met and that I would remain faithful to walking in Truth day to day.*

*I appreciate and value your support of my ministry and trust God for all of our futures. Nate*
